Overview

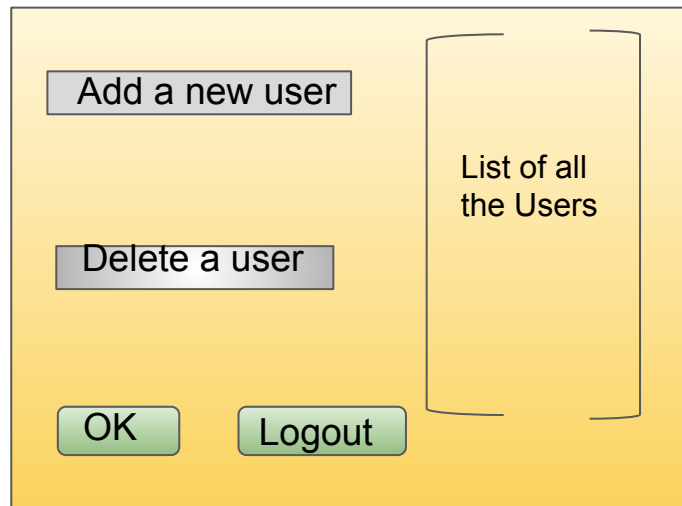

Login Screen

A green rectangular box representing the login screen. It contains the text "Username" on the left, followed by a white rectangular input field. Below the input field is a white rounded rectangular button with the text "Login".

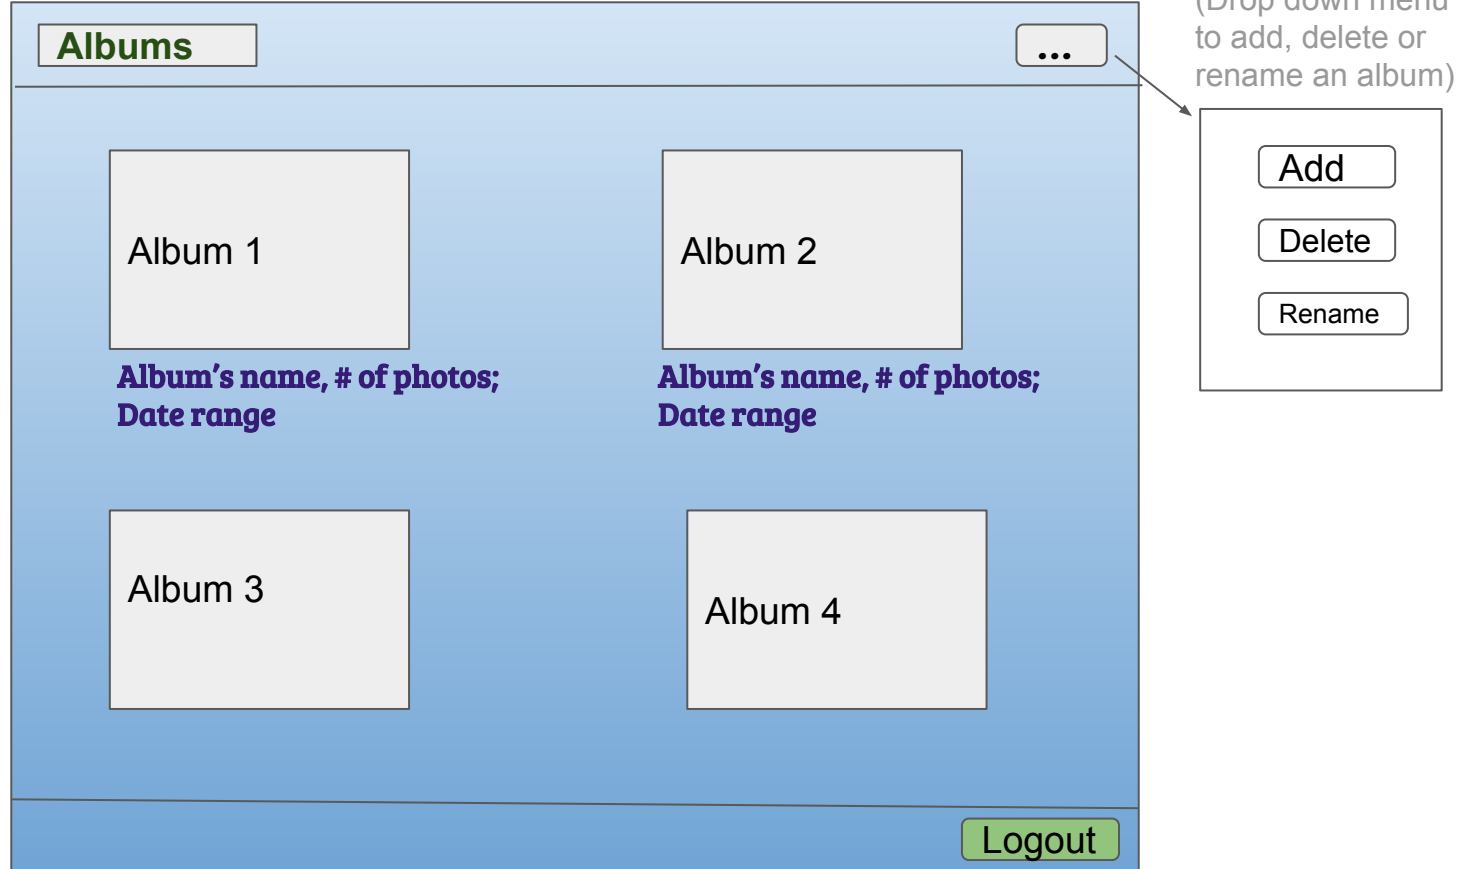

Admin Homepage

If Username on Login Screen is "admin"

A yellow rectangular box representing the admin homepage. It contains three buttons: "Add a new user" (top left), "Delete a user" (middle left), and "OK" (bottom left). To the right of these buttons is a large white rounded rectangular area containing the text "List of all the Users". At the bottom right is a green rounded rectangular button labeled "Logout".

Search Page

The image shows a UI mockup for a 'Search Page'. It features a light blue header area with two search filters: 'Search by **Date**' and 'Search by **Tag(s)**'. To the right of these filters is a large, empty rounded rectangle. Below the header is a grid of 12 placeholder images, arranged in two rows of six. At the bottom right of the page is a 'Create Album' button.

Search by **Date**

Search by **Tag(s)**

Create Album

This will contain options to provide date range or the tag based on the search button clicked.
